

To the NUF Presidium

Report from the Collaboration Group for Reconstructive Urology

Since the previous NUF-meeting some changes have occurred concerning members of the group.

The present members are:

Wiking Månsson, Lund

Olof Jonsson, Gothenburg

Lars Grenabo, Gothenburg (urethral stricture disease)

Thomas Davidsson, Lund

Göran Läckgren, Uppsala (pediatric urology)

August Bakke, Bergen

Alexander Schultz, Oslo

Ole Jakob Nilsen, Oslo

Lisbeth Salling, Copenhagen

Kasper Ørding Olsen, Aarhus

Ilkka Paananen, Oulu

Jukka Sairanen, Helsinki

Eirikur Jonsson, Reykjavik

The group has held 3 meetings since the NUF-meeting in Aarhus.

2 courses have been given.

In November 2008 a course on "Cystectomy and Urinary Diversion" was arranged together with the Collaboration Group for Urothelial Cancer and given in Uppsala. Local host was Per-Uno-Malmström. The course was very well attended.

In Reykjavik a course on Reconstructive Genital Surgery in conjunction with this NUF-meeting is given.

The group has concluded 2 prospective, multicenter studies.

"Orthotopic bladder substitutes – which is the best?" and "Urinary diversion in patients with benign disorders". Both studies were presented at the EAU, AUA and the NUF-meeting.

A Scandinavian Register for Open Urethral Stricture Surgery in the Nordic countries has been established. The registry is in Gothenburg and will be under the responsibility of Lars Grenabo.

Lund June 3, 2009
