

Skype NoRenCa meeting 9 oct 2019

Participants:

Lars Lund, Nessn Azawi, Pernilla Sundqvist, Harry Nisen, Christian Beisland, Petrus Jarvinen, Borje Ljungberg, Frode Nilsen

1. Meeting on 24<sup>th</sup> November 2019 regarding NoRenCa Course at Hotel Herlev at 20:00
  - Pernilla, Lars, Nessn, Frode
  - Harry, Borje arrive on Monday
2. Course details
  - 64 participants registered for the course but not all have paid. We assume there will be 90 persons at dinner in Herlev Hospital 24<sup>th</sup> sal Monday evening.
  - There will be about 3-4 sponsors outside the auditorium
  - The most expensive fee for the surgical program was the live transmission fee, which is about 75.000 DKK
  - Live transmission will be tested about 2 weeks prior to the course
  - NoRenCa members are asked to send the most important paper “articles” to Lars Lund within the next 2 weeks, so we can prepare reading materials to the participants before the course
  - NoRenCa members asked to find Phd student who can make presentation of case and mail the details to Lars Lund to include it to the program
  - We will work to make a Diploma to the participants in two parts one for Phd student with their presentation and another to all participants.
  - If there are any money remain from the course, we agree to keep this money to the next course
  - Borje will arrive at CPH Monday at 10 o'clock, if any need for transport to Herlev at this time
  - Lars will mail the final program within the next week
  - Lars will investigate the issue regarding MRSA test
  - NoRenCa will ask EAU about recommendation for course in future
  - NoRenCa will work an evaluation questionnaire after course
  - We will keep Skype meeting in December 2019
  - We will arrange for regular meeting for NUF in 2020
3. DaRenCa study by Frede Donskov
  - Norway---- Not clear
  - Sweden---- Not clear--- may be not interested
4. BOS3 protocol will be discussed on a new skype meeting in December

Referents. Nessn and Lars
