

Audit report of the NUF accounts for 2023-2024

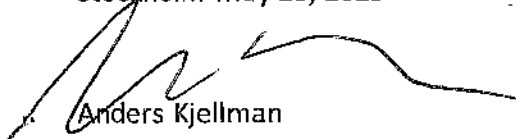

I have as accountant reviewed the documentation of the accounts for 2023 and 2024. The documentation was divided in two parts, one from the former Danish treasurer for 2023 and one part from the present treasurer Elisabeth Farrelly for the remaining period.

I have chosen to look through some of the verifications in detail. I could not find any missing verifications and the books seems to be in order.

Most of the expenses is for working meetings for the NUF board and for the subgroups. It has been very valuable for the audit that the reimbursement application form has been used and I urge future collaborators seeking financial support from NUF to use the application form.

I give my advice to the general assembly to approve the accounts and bookkeeping
