

***To be presented for the General Assembly in Gøteborg 2025***

## **PROPOSAL**

### **Regarding the membership fee of Nordisk Urologisk Förening (NUF)/ Scandinavian Association of Urology**

The current membership fee was established at the NUF General Assembly 2015. Each national urological association pays 100 SEK per member of their organization to NUF upon receiving an annual invoice from the NUF treasurer.

In view of inflation and general cost increases over the past ten years the NUF Board proposes

- that the membership fee is increased to 150 SEK per member of the national organization
- that the new membership fee is applied from the financial year 2025

The Board of Nordisk Urologisk Förening/ Scandinavian Association of Urology
